EXPECT HOUSE ABROAD AGAIN

Berlin Would Not be Surprised to Have Wilson's Adviser Visit.

BERLIN, Tuesday, May 25, via London, May 27.—Another visit by Col. F. M. House to Europe would come as no surprise to initiated quarters here. The American rumors to this effect are regarded as having a certain basis in fact although the opinion prevails that the trip would naturally be postponed until after the national conventions.

It is hoped here that should Col. House pay such a visit, he will come this time as a harbinger of peace, or at any rate to prepare, if possible, the foundations for peace proposals. Official as this task is recognized to be.

During his last previous visit to Europe, Col. House made no effort and conducted no investigations in the direction of peace—in Berlin at any event—having perhaps found absolutely adverse conditions in capitals of nations hostile to Germany. Presumably, also he had previous information that American mediation was under no circumstances desired and that it would not be accepted as long as the United States continued to supply Germany's foes with cannon, shot, shell, cartridges, powder and a thousand and one other requisites for waging war against the central powers. Moreover, no intimation had been given at the time of this visit that irascibility in headquarters here on the munitions question was in any time abated.

WASHINGTON KNOWS OF NO PLANS OF PREST WILSON

WASHINGTON, May 27.—The definite statement in Berlin press dispatches that Germany would welcome peace was read with interest by officials here, particularly in view of recent indications that Prest Wilson is paying close attention to the entire subject.

The only comment made was that the president's speech Saturday night before the League to Enforce Peace would make plain Mr. Wilson's position.

Officials said they knew of no intention on the president's part of asking Col. House to go back to Berlin. The president and Col. House had an hour's conference in New York Wednesday, but the details

of their conversation was not revealed.

HOUSE SAYS HE HAS NO PLANS FOR RETURN TRIP

NEW YORK, May 27.—Col. E. M. House said Friday night that he had no plans for returning to Europe. When told of press dispatches indicating that he would be welcomed there as a harbinger of peace, his only comment was that he was very much flattered. He and Prest Wilson had a conference here Wednesday, when it was indicated that the chief subject of their conversation was peace prospects in Europe.

Col. House is the president's principal confidential adviser on European peace and it has been understood for some time that if Mr. Wilson thought it advisable and timely to send a representative to the European capitals on a peace mission, he undoubtedly would select Col. House.

SEE VICTORY FOR WILSON IN BRANDEIS NOMINATION

Senate Agrees to Vote On Matter Next Thursday Without Extended Debate.

WASHINGTON, May 27.—Victory for the administration in its fight to make Louis D. Brandeis an associate justice of the supreme court was regarded as assured Friday night, when the senate agreed to vote on the nomination next Thursday, June 1. Leaders on both sides of the controversy agreed that debate should not be extended, but that the views of each side should be embodied in majority and minority reports to be made public after the vote. The vote, if there is a roll call, also will be made public.

Republican senators, who have been opposed to Brandeis, conceded Friday night that he would be confirmed beyond question; that he would receive practically unanimous democratic support and in addition would get at least four republican votes. This would give approximately 60 votes in favor of confirmation leaving only 36 opposing.

Some of the republicans said after a conference early in the day of minority members of the judiciary committee, that it seemed so conclusive that Brandeis was to be elevated to the supreme bench that further prolonged debate over his qualifications might be misconstrued.

THEATERS

AT THE OLIVER.

"The Little Girl Next Door," the motion picture based on the investigation of the vice commission of Illinois, which is being shown at the Oliver theater, will continue today and tomorrow, with performances running from one o'clock in the afternoon till eleven at night. The picture is rather startling in spots, but is filled with intense interest throughout.

AT THE LANSALLE.

"The Heart of Nora Flynn" is the title of today's feature picture at the LaSalle with Marie Doro in the title role, and in this production she has a part unlike any she has heretofore played in motion pictures. As Nora Flynn she will play an Irish nursemaid in a house of turbulent domesticity and the role is said to give her exceptional opportunities for the display of her sympathetic powers. When one has pinned his faith to the person he loves, only to have it destroyed by circumstantial evidence, the natural inclination that follows is jealousy. The Irish chauffeur in this production which is played by Elliott Dexter, experiences this, and his jealousy drives him to desperation, to such an extreme that he was willing to commit the highest of crimes, only to be restrained by the pleadings of Nora. The picture is up to the usual LaSalle standard and will be found entertaining. The Burton Holmes travel picture will also be shown.

Sunday's feature at the LaSalle is entitled "The Girl That Won," with charming Jackie Saunders in the leading role. She is seen as a poor orphan of the streets who, through her kind-heartedness to a dog, wins the heart of a prominent business man and a happy romance ensues. Two other excellent pictures will also be shown.

AT THE AUDITORIUM.

On the bill at the Auditorium today are a three reel Essanay drama entitled "The Naked Soul," with Darwin Carr, Nell Craig, Hugh Thompson and Edmund F. Cobb, in the cast; "The Trail of Danger," a Kalem railroad picture featuring Helen Rose Gibson; Mr. and Mrs. Drew in one of those laughable Metro comedies and the Selig Tribune of current events showing many scenes of interest, including Lord Kitchener and military representatives of other allied nations meeting in Paris; huge elevator in Chicago, containing fifty thousand bushels of grain stored for the allies, burns to the ground; Prest and Mrs. Wilson receiving sixty domestic science school graduates, each attired in a dress of her own designing, buying and making; machine guns in box cars which form part of Gen. Obregon's special train equipment; aeroplanes in Mexico render efficient service despite reports to the contrary; Mayor Mitchell of New York presents bravery medals to honor men on force during their annual parade; Gen. Obregon, his wife and their daughter, posing especially for the Selig-Tribune, and other pictures of an entertaining nature.

AT THE ORPHEUM.

Final performances will be given at the Orpheum today of the present vaudeville bill which includes Claire Vincent in a dramatic sketch, "The Recoil," the five Kitamuras, Japanese acrobats; Meolin, Watts and Towns in a singing specialty; the Folli sisters and Leroy in a terpsichorean novelty, and Alfred Farrell, a cartoonist, who sketches in black and white.

Beginning Sunday and continuing for the first half of the week will be seen a return engagement of "Around the Town," the new and snappy musical comedy tabloid which was seen at the Orpheum recently and which proved such a success with South Bend audiences.

Mabel Rogers and Earle S. Dewey, two favorites with South Bend audiences, have congenial roles in the piece and are supported by a large and attractive chorus. Many new and novel singing and dancing solos and ensembles are offered and the costuming and scenic effects are elaborate.

TEN QUALIFY FOR RACE

INDIANAPOLIS, May 27.—Ten drivers Friday qualified their cars for the 300-mile race which will be run on the Indianapolis motor speedway, May 30. The trials will be continued Saturday, when a score more of drivers will attempt to make a lap of the brick oval at a speed of 80 miles an hour or more, in order to be permitted to start the race.

John Aitkin, Dario Resta and Barney Oldfield made the best speed in Friday's trials. Aitkin averaged 95.95 miles an hour, despite a bad cross wind. Both Resta and Oldfield made a lap at a trifle more than 94 miles and hour.

Other drivers who qualified today are: Charley Merz, Joseph F. Christman, Tom Alley, Pete Henderson, Wilbur D'Alene, Billy Chandler and Dave Lewis.

AVOID SPRING COLDS.

Sudden changes, high winds, shifting seasons, colds and grippe, and these spring colds are annoying and dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant Laxative Tar Syrup. It soothes the cough, checks the cold and helps break up an accumulation of mucus. It is already prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over 40 years.—Adv.

MARIE DORO

—in—
"THE HEART OF NORA FLYNN"

The story is gripping in its intensity and unusual in its theme, but handled by Cecil D. DeMille, the director, it is one of the cleverest bits of photodramatic art that has ever been shown on the screen. Marie Doro appears in the role of unusual appeal, a girl falsely accused because she tries to shield others.

Also a Burton Holmes travel picture.

IF NEED BE.

Next Tuesday—on Decoration Day—we will meet at the graves of the silent heroes of this country, with all the tenderness of funeral rites, with all the dignity of purpose, but without the pain and sadness of years ago.

Time has softened the bereavement, but enriched the memories.

While our great armies have grown less, our hills and our valleys have grown richer in association.

When the roll call to arms faded in sound, the roll of honor began. When the white tents were folded on the battlefield, the white markers of commemoration in our cemeteries began.

Without reference to religion, to race, to nationality, to distinction, we will, on Decoration Day, mark mounds with the emblems of sentiment and of patriotism.

What a wonderful inheritance—what a tremendous responsibility rests on the present generation—a responsibility of peace—a responsibility of protection, if need be.
